Citizens Will Endorse the Amalgamation Agreement By a Very Large Majority

Are Also Polling Votes in Favor of Retaining Control of Gas Franchise and Establishment of Municipal Plant—Very Light Vote Polled This Morning

If the tendency of public sentiment, as manifested at the polls this morning, continues throughout the day, citizens of Edmonton will pronounce by a overwhelming majority in favor of the policy of a Greater Edmonton, and in favor of the retention of the gas franchise by the municipality itself. Almost all of the voters who turned out to vote this morning, made no secret of their determination that the opponents of union and the citizens who would hand over the gas franchise to the exploitation of a private corporation, should be totally swamped. Unless the afternoon vote should show a direct reversal of the tendency everywhere apparent this morning, the council will go to the legislature this fall with an overwhelming demand of public opinion to support their application for union with the university city.

Not during the present financial year has so small a morning vote been recorded in the city, and the number corded up to noon today at the four polling divisions, where the ratepayers were called upon to decide for or against the amalgamation of the twin cities, and for or against municipal retention of the gas franchise, was only about the total number of votes cast at the four polling booths, numbered less than 500. At the city hall as well as at a number of 60 voters had turned out to record their views on the two im-

portant questions which are before the electors. At No. 4 polling subdivision on Kingston avenue, only 30 citizens had put in an appearance. In the west end the vote was also light through an oversight of the electors, but in the questions of the day was intense.

This volume became heavier at noon, away from the business section of the city, found time to exercise their franchise, and interest in the issue received a decided impetus. At this season's Alaskan salmon pack will be the largest in the history of the fishing industry.

Only Ratepayers Can Vote. Scarcely the election of the city which was limited to the issue of municipal gas, were surprised this morning to discover that in accordance with a mysterious edict which has gone forth from the city hall, only owners of real property are to be allowed an expression of opinion on this question. Every elector is being allowed to vote either for or against the amalgamation, but really holders may obtain the ballot marked "pledge," on which an expression of opinion on gas rate is sought. Property owners may vote twice, three or four times on the gas franchise, but business men who are directly interested in the securing of the utility prospective consumers from whom the city will derive the greatest utility will be deprived, may not cast a ballot at all.

CABINET MINISTERS WILL HAVE BUSY WEEK CLEARING PRO LINE

Preparatory to Transferring the Administration to Conservative—Foster Certain of Cabinet Seat, But Not as Finance Minister—Liberals Anxious that Hon. Graham Should Be Returned

(Western Associated Press.) Ottawa, Sept. 26.—Most of the members of the cabinet arrived in Ottawa today and immediately began the work of clearing up the affairs of the departmental business preparatory to the transfer of the administration to the incoming Conservative government. Ministers here are Hon. Meagher, Laurier, Borden, Fisher, Gordon, and Sir John A. Macdonald. Hon. Meagher, Laurier, Borden, Fisher, Gordon, and Sir John A. Macdonald are expected tomorrow and a cabinet council will be held tomorrow afternoon.

A large amount of routine business regarding the passing of orders in council has accumulated since the campaign opened, and the ministers will have a busy week of it ahead of them before the press of the past year. One of the routine matters to be put through before the cabinet remains will be the completion of the formal arrangements to put into effect the bill passed last session, guaranteeing the bonds of the Canadian Northern railway for the section through Ontario. The act providing for a guarantee received the final assent before the session and the passing of the order in

THINK WEALTHY YOUNG WIDOW WAS MURDERED

Mysterious Disappearance of Eight Hundred Dollars—Case Being Investigated by Police

Los Angeles, Sept. 26.—The mysterious disappearance of \$8,000 in cash has lead relatives of Mrs. Alice H. Asche, a wealthy young widow, to believe that her death on September 4, last, was not the result of natural causes, and District Attorney George H. W. Brown has asked that the body be examined and an autopsy performed. A short time before her death, Mrs. Asche had been asked to leave her property and the proceeds of this sale could not be found.

RUMORED STRATHCONA WILL NOT RESIGN POST

Or High Commissioner in London, for Some Time—Rumor May Be True

(Western Associated Press.) London, Sept. 26.—British newspapers are of the opinion that Lord Strathcona's visit to Ottawa will result in the temporary withdrawal of his resignation as high commissioner. The names of Sifton and Borden are mentioned in connection with the post, as his successor. The Bishop of London gave prolonged cheers by an address at Newcastle, where he remarked that Canadians preferred to remain poor and British rather than rich and American.

STRATHCONA VOTERS TURNING OUT IN LARGE NUMBERS

Estimated That at Least 800 Voters Will Be Registered Before Polls Close

GENERALLY ADMITTED BYLAW WILL CARRY

Majority of Citizens in City Are Anxious That the Two Cities Join and Poll Votes Accordingly—Opposition Will Not Poll One-Third of Votes.

Strathcona, Sept. 26.—Up until noon today the voting in all the wards in this city was comparatively heavy and the indications are that there will be between 800 and 1,000 votes polled before the polls close. The indications are now that the agreement will be endorsed by a fair majority, while some are predicting that the vote will stand two or three to one in favor of amalgamation. Those who are opposed to the union of the two cities appear to have given up as they are not working very hard, while on the other hand the voters are turning out in large numbers of their own accord.

G.T.P. FIREMANS KILLED AT EDSON

BY A JEALOUS RIVAL—MOUNTED POLICE CLOSE OFF TRAIL OF MURDERER.

Shot through the body while defending the honor of a lady from the advances of a defeated rival, John Lawrence died Sunday night as the result of the shooting of a jealous rival. The shooting occurred after a fight in a restaurant in Edson, where the men met Sunday afternoon. A few hours later Lawrence passed a revolver and the slayer drew a revolver and fired at him. Lawrence dropped mortally wounded and his unknown assailant fled from the room. The police were called and the man who attempted to stop him. The mounted police were immediately notified and started in pursuit of him at once. His apprehension is expected shortly.

Lawrence, a fireman on one of the trains running to Edson and formerly worked on a work train on the grade work being done of the P.C. & N.W. railway, west of Edson. He had been working on the train from Edson to the west, and a few days before the shooting had left that occupation returning to Edson. There he met the man who killed him and the quarrel arose.

So far as is known the quarrel arose over a lady. The man who killed him was a fireman, and it is believed that Lawrence was won for her and that the quarrel arose over the quarrel because of jealousy.

SAYS TARIFF WILL BE VERY MUCH REDUCED

Failure of Canadian Reciprocity Will Have Far-Reaching Effect on Tariff, Says Ex-Gov. of Missouri

St. Louis, Sept. 26.—The failure of Canadian reciprocity will have a far-reaching effect in causing a general downward revision of the American tariff, according to former Governor David R. Francis of Missouri. "Expected reciprocity would cause a general downward revision of the American tariff, according to former Governor David R. Francis of Missouri. FOR CARLOADS OF CATTLE TO STONEY CREEK

Will Be Taken to Fort Smith, Where They Will Supplement Dog Teams in the Hauling of Supplies Between Posts in Northern Empire

In charge of F. H. Drake of the department of the interior office, and three herders who accompanied them from their starting point at St. Anthony on the northern coast of Newfoundland, forty-three reindeer purchased by the Dominion government from Dr. Grenfell the missionary doctor of the Labrador coast, for stocking the country around Great Slave lake, arrived in Edmonton at 2 o'clock this morning. A notice to the depositors the directors say that advices from Edmonton make it apparent that the bank cannot procure cash sufficient to meet current obligations. The company will be liquidated and the directors will be held to meet all liabilities. The bank of Egypt corporation was incorporated in 1888 and registered as limited in 1897. The authorized capital was \$1,000,000. R. L. Barclay is chairman of the board of directors which includes Lord Grenfell and Lord Baltimore from 1889 to 1909 inclusive. The bank paid from twelve to sixteen percent dividends. Last year four per cent was declared.

NEW STYLE GLOVE BENEFITS BRIDES

IS NOW UNNECESSARY TO HAVE GLOVE REMOVED TO RECEIVE WEDDING RING

London, Sept. 26.—A happy era has dawned for the bride at the fatal moment when the ring is about to be placed on her finger. Instead of the usual struggle to remove her left-hand glove, she will now be able to uncover the third finger without effort and without glove removal. A successful result is to be obtained by an ingenious "wedding glove," for which a well-known manufacturer is responsible. The glove is made of a material which is so soft and pliable that it can be removed without the aid of any other device. MOTOR CARS ARE MUCH DESPISED

AND ARE NOT ALLOWED TO PASS THROUGH CERTAIN PARTS OF ITALY

(Globe Cable Service.) Paris, Sept. 26.—The Geneva news of the Canton of Geneva, report an amusing incident consequent on the recent floods in the Tyrol. Nearly two hundred motor cars have been held up on their way back to Germany by the swollen waters of the Rhine.

The custom, after deliberation, consisted to allow the detested vehicles within their borders, but only on condition that they should be drawn by horses and that the inhabitants should not be annoyed by the noise, smoke, and dust of the motor cars.

Competed to submit to these humiliating terms the motorists are now being dragged in a humiliating procession through the inhospitable country of Geneva.

OPENING NIGHT AT Y GYM MARKED BY A CLOSE GAME

Dormals Won from Business Men—Gymnastic Exercises Were Well Done

The Dormals won. By a whirlwind finish they ran a reverse score of 1 to 2 up to 22 to 20 favoring them. It was a hot game. In the first half the business men worked hard and scored with ease. The Dormals must have been afraid to try to stop them, they were so big. Freeman and Duncan were small, but the immense stature of the others made up for their diminutiveness.

The second half was a surprise to everybody. The Dormals headed by Valentine, Britton and Dunham wiped out the floor with the remains of five business men. The overalls were worn out to the last. They couldn't move fast enough to chase a snail off a hill, and the business ran the score up to 22 to 20.

The lineup was: Dormals—Dunham, Valentine, Britton, Clarke and Harlow. Business men—Jackson, Duncan, Freeman, Robinson and Chadwick.

Before the game there was an exhibition of gymnastic work by the juniors and seniors that was excellent. There was an immense crowd of ladies present.

LACROSSE AT BEST GREAT

Joe Lally Says They Play the Greatest Game in Vancouver and New Westminster—Never Saw Classier Playing—Tucumseh vs. Vancouver

"In all my years' experience, and I have refereed lacrosse matches for the past fifteen seasons, last Saturday's exhibition was one of the finest I have ever witnessed," declared Joe Lally, the famous referee of Cornwall, Ont., in an interview with "The News-Advertiser." "I consider Vancouver's all-star lacrosse team one of the greatest I have ever seen on the field, and playing the same kind of a game, I don't think there is a combination of lacrosse players in the world that can take the Minto Cup from the present holders."

"Mind you," emphasized Mr. Lally, "I don't say that you will have an all-star walkover with the Tucumsehs, as they have dangerous men in Quattrone, and more should be done to encourage lacrosse here."

With regard to the Tucumsehs game, he declared that Vancouver need make no mistake about them being left game. Tucumsehs were a great team.

"I never saw a greater sight than Saturday, and there is going to be a great revival of lacrosse all through the West. In Calgary, Moose Jaw and Regina, the school boys are coming along, and more should be done to encourage lacrosse here."

FOOTBALL TOURNEY FIVE-A-SIDE TEAMS HAS STARTED

Swifts Win from Callies and St. Georges Defeat Callies' Second Team

The first of the five side football games played on Thursday P.M. last night the Callies and Swifts played the Callies B. playing the St. Georges.

First game—Callies A, 5; Swifts 11. Second game—Callies B, 0; St. Georges, 12.

The first game was fairly evenly contested. The Swifts rushed the play near the end and scored two goals in quick succession, giving them a substantial lead. The small number of men on the field makes for a side of one of the hardest games and the teams last season.

The second game was also fairly evenly contested. The Callies B. were outplayed from start to finish. Callies B—Bisland, Gilmour, Adams, Taylor, Bisset.

St. Georges—Parkman, Whitehead, Thompson, Gossard, Galtchuck.

CHURCH IS PROMOTING A FIGHT NOW

Indians, Sept. 26.—To show the general public, which does not take advantage of other opportunities, just how boxing is staged and how the blows are struck, is the purpose of the members of the United Methodist church as expressed in a petition to the superintendent of police for permission to give two contests by professional pugilists. Perumson was staged.

Chang's Sweeney and Stewart Dumally, fishwhisks, and Jack Moran and George Kourner, midwinters, have been engaged for the bouts, which will be features of a carnival for the benefit of the church's funds.

At the present time it looks as though it would be necessary for the league to play its games on artificial turf, the same as last winter. However, if proper dressing rooms are secured it should be all right.

Towards the end of the season last year a number of the boys who were in the play over the beginning of the season. This winter the boys who were in the game who were left last winter and improve right through the season until by next spring they will be playing as good hockey as the provincial league did last year.

ENGLISH GOLFER IS PRAISED

AMERICAN PAPER SPEAKS IN HIGHEST TERMS OF H. H. HILTON

The New York Tribune has the following to say re the splendid victory of England's premier golfer, Harold H. Hilton, in the American national championship tourney.

"No far-outrun sportsman can be regarded the national champion of England. Hilton, who now holds the highest honors in the sport both in this country and Great Britain. The title was deserved as much for his uniform court sportsmanship as for his remarkable skill and steadiness. It was no easy task to beat his way through the strongest golf field ever gathered together in this country and ever foreign, but he adapted himself readily to his surroundings and played sound, consistent golf from end to end, under conditions that were not altogether favorable. According to his own statement, he will win home strongly impressed with American golf and American methods. It is safe to assume that he will leave behind many winners, as throughout his stay here as has commanded the respect of all in met and none more so than those who tried so hard to make his quest in vain. He has not won out his welcome. He will be greeted even more heartily another year."

SHOOTING AFFAIR MAY PROVE FATAL

EDMONTON MAN FOUND THIS MORNING WITH BULLET IN HEAD—SERIOUS STATE.

P. M. Fields, who shot himself last night shows a slight improvement at noon today. He has but a small chance to recover, however, the doctors say. The accident or attempted suicide occurred late last night at room number 10, Bazaar, where he roomed. Dr. Bigger was immediately summoned and the boy was removed to the General hospital, where he is being carefully attended.

It is not known whether it was suicide or an accident. Nobody saw the shot fired and although it is known that he was in a depressed state of mind for some time previous, it is believed by many that the man may have been accidentally discharged.

"P. M. Fields" was formerly known to his many friends around the city, was one of the most popular young men in the city, and was a member of many branches of sports. Great anxiety is being felt among his friends as to his condition.

LOYAL ORDER OF LIONS

Over 100 Charter members are initiated at the first Regular Meeting of Order

More than 100 charter members were initiated into the mysteries of the Loyal Order of Lions at the first regular meeting of the order, held on Saturday night in Cameron hall, Nampyo avenue. The speaker of the evening was the president of the order, called the meeting to order and after a short address of welcome to the new members, he turned the history of the order and spoke of its prospects for the future. The following ten officers were elected: Robert Knight, street railway superintendent, temporary chief lion; C. A. Hamilton, assistant accountant of the street car lines, temporary secretary.

A short program of music, recitations and speeches followed by Rev. B. Blake, A. W. Galloway, Dr. Farquharson and others participated in the second meeting of the order will be held in Cameron's hall on the evening of September 30 at which new charter members will be initiated. Permanent officers will be nominated also.

A RECORD MAJORITY FOR LIBERAL CANDIDATE

Conservative Candidate in Strathcona Riding Will Lose His Deposit—Douglas' Majority Over 2300

Strathcona, Sept. 26.—Whatever the decision from the remainder of the federal constituencies there is not the vestige of a doubt that the electors of the Strathcona division were unanimously in favor of reciprocity and the liberal policy. With fifty-eight per cent of the total vote of the constituency the majority for J. M. Douglas is now 2300, and there is every reason to believe that this lead will be increased to well over the 2500 mark with the final returns. Outside of this city the Conservative candidate G. W. Campbell made a generally poor showing and apparently he will lose his deposit by not polling the required fifty per cent of the vote. However, he received a number of votes from rural districts where there is practically no doubt of the popularity of reciprocity and from facts already to hand it is established that at least another 200 will be added to his tally.

In spite of the consistent campaign work accomplished by Mr. Campbell and his associates, the Liberal vote for the C.P.R. is so significant to note that all centres in that portion of the constituency, including the Douglas and reciprocity. Campaign with a majority of 165 and Douglas made the prediction of the city at the time of the federal census as slightly over 2,000, while the figures show 2,500 and 28,000, which gives Strathcona the largest per cent of growth greater than the sister city. He also attempted to show that affairs are more economically conducted in Strathcona than in the sister city. The finances of the city are in a healthy condition and he could not see a larger city in the country. He also pointed out that the city is a matter of a day or so and the house will be sold out entirely. Since August in Canada the city has already been sold out entirely. This is not the case with the city of Strathcona, which is still a matter of a day or so that can be desired in this line.

PRESS AGENTS SAY

ROYAL WELSH CHOIR.
The Royal Welsh Ladies choir will open their season of singing at the Empire theatre on Friday, September 29th, and from the number of seats reserved for the choir it is evident that a matter of a day or so and the house will be sold out entirely. Since August in Canada the city has already been sold out entirely. This is not the case with the city of Strathcona, which is still a matter of a day or so that can be desired in this line.

As this is the last time this choir will visit Edmonton you do not want to miss the chance to hear them.

COMING TO EMPIRE.

"In Old Kentucky" is announced for appearance here for three nights and a Wednesday matinee, commencing Monday, September 25th, at the Empire theatre. This remarkable play has been touring the United States and the large Canadian cities of Toronto, Montreal, Winnipeg, Ottawa and elsewhere for some seasons with tremendous success. It is the last time this choir will visit Edmonton you do not want to miss the chance to hear them.

city, who have the proper qualifications to register their ballot on the issue at stake. Mr. Jamieson, also explained how the agreement will become a statute of the province and as such incorporated in the city of Edmonton charter. Its enforcement could be demanded by any citizen, citing the case of Galloway, the city of Edmonton, in a recent action in north side municipal circles. The status of the case will be in effect one null and void by reason of Edmonton becoming both sides of the contract.

Boundaries of City.
Defining the boundaries of the proposed greater city, Mr. Jamieson commenced tracing from Laurier Park, "I presume you all know where that is," he began. "Yes, six miles from here," answered Alderman Violet, and the reformer raised a laugh, in answer to questions from Alderman Violet and others. Mr. Jamieson said that the three or more councillors from the south side of the river would be chosen from the vote of the entire city, the candidates having the necessary qualifications and the highest record record of the contract.

J. H. McDonald followed Mr. Jamieson and after referring to the various measures of progress Strathcona has marked her path for the past few years, and the population of this city at the time of the federal census as slightly over 2,000, while the figures show 2,500 and 28,000, which gives Strathcona the largest per cent of growth greater than the sister city. He also attempted to show that affairs are more economically conducted in Strathcona than in the sister city. The finances of the city are in a healthy condition and he could not see a larger city in the country. He also pointed out that the city is a matter of a day or so and the house will be sold out entirely. Since August in Canada the city has already been sold out entirely. This is not the case with the city of Strathcona, which is still a matter of a day or so that can be desired in this line.
